

IMPORTANT NOTICE

April, 2026
Fuchu Student Support Section, TUAT

To: Privately Funded International Students

2026/2027 Scholarships by Private Foundations, etc. Registration application notice (1st semester of 2026)

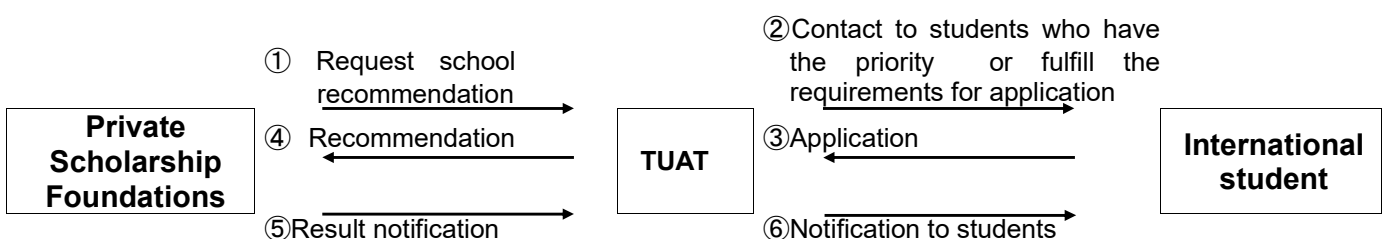

Application Period: Apr. 3, 2026 (FRI) ~ Apr. 17, 2026 (FRI)

- ★ Privately financed international students, including research students, need to file an application during above term to receive a scholarship by TUAT recommendation for Year 2026 and 2027.
- ★ If you would like to apply for this scholarship, you have to register twice a year, at the beginning of April and October.

★ Method of recommendation

After you submit the documents, TUAT decides the order of priority by document screening and/or interviews. Then, when we get a request from Private Foundations, we will inform the students through the school office. Students who received the information can decide whether to apply for the scholarship. After confirmation of applying, TUAT sends a recommendation to the Private Foundations.

- A separate interview or document screening may be requested by the foundation.
- You can not decline your recommendation.
- Scholarship recipients are required to participate in the foundation's exchange meeting(s)/project(s).
- Students will be informed of the result from TUAT, after TUAT receives the result from the foundation.
- TUAT will issue a recommendation for “Monbukagakusho Honors Scholarship for Privately-Financed International Students” only when additional hiring is requested.

★ Notice

- (1) We can not assure that you can receive a scholarship even if you are registered with TUAT and have a recommendation from TUAT.
- (2) You can not receive scholarships from two foundations in the same year.
- (3) You can know your placement on the ranking list in TUAT for recommendation
- (4) Only Privately Financed International Students (including Research Students) who are enrolled in TUAT as of April 1, 2026 can register.
- (5) There are other kinds of scholarships which you do not require recommendation from TUAT. You can apply directly. Please visit each Private Foundation's website and check the details by yourself.

★ Schedule for registration and screening

Apr. 3~ Apr. 17 Please submit the documents to your school office if you would like to receive a scholarship from a private foundation.

Mid-May Screening at your school

End of May TUAT will decide the order of priorities from the result of this screening.

TUAT recommends candidates for private foundations in order of ascending priorities with concerning requirements.

★ How to apply

Submit the following documents by e-mail.

E-mail to: a-gkall@cc.tuat.ac.jp (Fuchu Student Support Office)

<The required documents>

1. Registration Form
2. Application Form---Current Research and Research Plan (A4 2pages)
3. Research Achievement
4. The copies of Certificate of Language Skill or High Level License
